Debbie Gump ask about the burnt structures in the city and should we make them uninhabitable. Building/Code/Zoning Enforcement Officer Mike Starett explained the insurance policy needs to have debris removal to have it cleaned up. City Manager Nate Stansberry informed council that according to the State Statue we are allowed to put a lien on the money for debris removal up to five thousand (\$5000.00) dollars or 10% whichever is greater. Building/Code/Zoning Enforcement Officer Mike Starett suggested that seeking out legal advice would be very helpful before making any decisions.

<u>Weston Sanitary Board</u> - Director Dee Evans and Brock sat down and complied information and will be sitting down with City Manager Nate Stansberry in a couple weeks to see where the long term control planning will be. Director Evans with weather permitting will be getting into the Bob Taylor project first and foremost and a couple others to complete. Director Evans spoke with a company about slip lining sewer mains. Director Evans feels this will be cost efficient instead of full replacement in the Shadybrook area. Councilwoman Debbie Gump ask when the increase will take affect for the rates. Director Evans believed it would be sometime in mid-February. Councilman Herb Curtis ask about

sludge removal at the sewer plant. Director Dee Evan-s explained that some sludge was taken out from the last project. Director Dee Evans let council know that sludge has never been removed since the plant was built.

<u>Building/Code/Zoning Enforcement Officer</u> - Mike Starett let council know that now that he knows about the debris removal from burnt houses he will be in contact with the homeowners/insurance company. City Manager Nate Stansberry said that we have to set up a work flow and determine how to classify the different types of houses that we have from burnt to delipidated houses each will classify different.

Streets-Paving, Repairs and Ditching — City Manager Nate Stansberry gave the report for the Street Department Foreman Tyler Strader being off do to working night shift. We have holes that need drained but City Manager Nate Stansberry ask the street department to hold off until he himself could look at the situation. City Manager Nate Stansberry gave the status on the bucket truck which will be another 2 weeks. Foreman Tyler Strader has reached out to local rental companies with no success. Councilwoman Debbie Gump stated that in her ward people were complaining that the were paying the Municipal Fee but getting nothing in return. City Manager Nate Stansberry wanted to assess each street to put a plan together on paving. Councilwoman Debbie Gump ask to focus on Main Street. Councilman randy Bohan ask that we look into the hillside on Mid Avenue getting the property owners permission to work in that area.

Safety Concerns- Policing — Councilwoman Sherry Rogers ask if we ever received the wands. City Clerk Kristin Donaldson answered we received that batteries but no wands yet. Council Sherry Rogers set up a meeting with our prosecuting attorney on Monday, February 1, 2021 at 2:30 p.m. and ask if anyone wanted to go to the meeting they were invited.

Implementing Existing Ordinances – Discussion on the responsibilities of the sidewalks. City Manager Nate Stansberry stated that in our ordinance it is the responsibility of the homeowner. We could give the homeowner permission to replace/repair the sidewalk, but do we want the liability for the sidewalk. City Manager Nate Stansberry informed council that we need to look into the legality of that ordinance. Councilman Herb Curtis ask if we could apply for a grant for the sidewalks. City Manager Nate Stansberry indicated that you could apply for a grant to build new ones but not for repairs.

<u>Personnel</u> - City Manager Nate Stansberry informed council that we have not replaced three positions that were opened. City Manager Nate Stansberry explained that we could take on of the positions and hire Building/Code/Zoning Enforcement Mike Starett an assistant. The individual would be the Building Inspector in training. Councilwoman Debbie Gump ask if anyone would be able to do Street Commissioner. City Manager Nate Stansberry replied if council feels the need to appoint a Street

Commissioner then he would appoint Mike Starett. City Manager Nate Stansberry feels that he and Mike Starett can work together on this position. City Manager Nate Stansberry brought to council's attention that no one has been crossed trained with Municipal Clerk Susie Johnston.

Main Avenue – Titus Towers on Main Street was brought up for being unsafe. Council Herb Curtis wanted to know if the Fire Marshall has ever inspected the building. Building/Zone/Coding Enforcement Officer Mike Starett indicated that the floor was unsafe and thought 1 to 4 rooms used the same bathroom. Council Herb Curtis replied if its that bad maybe we do need the Fire Marshall to inspect. Council Randy Bohan let us know that he recently looked at old pictures of Main Street and it would be more appealing if we could go back to the canopies over the store front.

<u>Signage</u> - Building/Code/Zoning Enforcement Officer Mike Starett let council know that the new signage for Main Street were sent out to be powder coated. We will have to see which pole we are using to put the sign on. <u>Security, Lighting and Cameras</u> – Councilwomen Debbie Gump and Sherry Rogers as where we stood on the lighting and the cameras are at for the City Building. Both expressed that it is to dark at night at the City Building not only or the employees leaving, or the members of the committees leaving but the citizens walking through the parking lot.

MINUTES OF THE FEBRUARY 10, 2021 WESTON PLANNING COMMISSION MEETING

The February 10, 2021 meeting of the Weston Planning Commission was called to order at the Weston Municipal Building at 102 W 2nd St, Weston, West Virginia at 4:30 p.m. by President Anna Cardelli, Chair. Present in person at the meeting were Planning Commission members Clara Atchison, David Bush, Councilwoman Sherry Rogers, and Mayor Kim Harrison. Also in attendance were City Manager Nate Stansberry, Advisor Bruce Adler, and Zoning Officer Mike Starett. Excused: Commissioner Dan Vaughn.

APPROVAL OF MINUTES

On motion by David Bush and seconded by Clara Atchison, the minutes of the previous meeting were unanimously approved as distributed.

CROSSROADS PROJECT

February 19, 2021 training session was discussed. Topics included organizing efforts to plan and produce complementary exhibits for the Crossroads Exhibit that would include the participation of HCPD, local fire departments, and Jackson's Mill, with an emphasis on relating Weston's history to the rural themes of the Crossroads project.

BEEKEEPING

David Bush made a motion, seconded by Clara Atchison, to amend the language in the pending proposed amendment to the Zoning Ordinance that would allow beekeeping in the City of Weston to be allowed only for "single-family residences". The motion carried unanimously. David Bush made a further motion to send the proposed amendment with its recommended change back to the City Council for review and adoption given that the amendment is in the public interest of the City of Weston and is consistent with Weston's Comprehensive Plan. The motion carried unanimously.

BILLBOARDS

An email was reviewed from Robert Weaver about the Shriner's billboard and the Regional Eye Associates sign. Mike Starett reported that he has reviewed the documentation on the Shriner's sign and is satisfied that the corresponding City permit was properly issued and there is no cause shown at this time to conclude that the sign is in any way improper. Documentation on the Regional Eye Associates sign will be researched and any action needed will be addressed by Mike Starett. Anna volunteered to share this information with Robert Weaver since he was unable to attend the meeting.

BOARDS/COMMISSION APPOINTMENTS

Discussion was had on the fact that the Planning Commission still has one vacancy, that the URA also has some vacancies, that the BZA has two vacancies. Efforts to fill such vacancies remain ongoing.

COLUMBIA CLUB

President Anna Cardelli and City Manager Nate Stansberry informed members that a Letter of Intent was submitted to facilitate an application for a grant to make repairs to the Columbia Club. The information will be shared with the Weston City Council and a decision made whether to proceed.

PUBLIC COMMENT

Some discussion ensued about establishing a special fund for assistance with dilapidated buildings. Bruce Adler also mentioned the façade improvement programs that are quite popular in other cities. Councilwoman Rogers shared Councilman Bohan's idea about restoring awnings on Main Avenue businesses.

NEXT MEETING DATE

The next quarterly meeting date is Wednesday, May 12th, at 4:30 p.m. at the Weston Municipal Building.

ADJOURNMENT

A motion from David Bush to adjourn the meeting was seconded by Clara Atchison and carried unanimously, ending the meeting at approximately 5:40 p.m.

Options for New Hire in Police Department

Option A:

The applicant is advised that they are hired, their medical packet is completed and submitted to the Academy, applicant doesn't officially start with the department until the training at the Academy begins.

Pros

- Very limited liability
- Limited investment in the event they do not pass the academy
- Follows the order in which the program was designed.

Cons

- Standard FTO Program of 12 16 weeks post academy
- Longer wait time to have an officer on a shift alone
- An applicant that may subconsciously be on the fence about whether to be a
 police officer, this does not provide them with insight into the reality of being a
 police officer. During this "trial period" for a lack of a better term it will provide
 them insight into the day-to-day operations of a police department and help them
 better determine for sure this is their career path.

Option B:

The new officer is hired and begins working with a certified officer prior to the academy.

Pros

- Has the potential to shorten the post academy FTO program
- Liability is manageable
- Potential that they will retain information learned during this period.
- An applicant that may subconsciously be on the fence about whether to be a
 police officer, this does provide them with insight into the reality of being a police
 officer. During this "trial period" for a lack of a better term it will provide them
 insight into the day-to-day operations of a police department and help them
 better determine for sure this is their career path.

Cons

- They can perform most functions of a certified police officer but not all.
- In the event they fail the academy invested time is wasted.
- Potential that they will not retain information gained during this period

Option C:

The new officer is hired and permitted to perform parking enforcement functions until academy trained.

Pros

Dedicated person to conduct patrol for parking violations.

Cons

- Elevated liability is placed on the department and the City.
- Would still require the 12 16-week post academy FTO program.
- Work could potentially be intermittent with periods of down time.

Option D:

The new officer is hired and permitted to conduct parking enforcement duties, patrol neighborhoods and potentially conduct some traffic enforcement unsupervised.

Pros

Increased visibility

Cons

- Tremendous amount of liability is placed on the Chief and the department as well as the City. There is no defense for this liability.
- While visiblility is increased it is essentially ineffective as the member would not have the training and skills necessary to provide adequate police service.

Jenna Green WV Department of Arts, of Culture and History The Culture Center 1900 Kanawha Boulevard East Charleston, West Virginia 25305

Re: Letter of Intent for Cultural Facilities and Capital Resources Grant

Dear Jenna Green,

This letter has been prepared by the City of Weston to announce our intention to apply for the Cultural Facilities and Capital Resource Grant. Weston is a rural community located in central West Virginia rooted in a rich civil war history that often remains untold. We are seeking to revitalize our historic downtown and infuse culture and the arts back into a community that is currently lacking in all the humanities.

The City of Weston's intent in applying for this grant is to restore a historically significant, contributing structure in our downtown business district that is at risk of demolition. We will be creating a downtown multi-cultural art facility in this space. The facility will highlight diverse programming, events, and artisans in our community. We will be preserving one of our historic structures for future generations and enriching diversity in this region. The art center will enable the city of Weston to foster performing events while also making our space available to local artists who do not have access to professionally equipped facilities. We will embrace a multi-use facility not dedicated to one art form or discipline, but many. Residents have expressed a great desire to embrace activities such as dance, theater, musical and exhibitions. Our community currently has no public art programing in place, or cultural center with which to express and develop what makes small West Virginia towns special. Our vision is to present a tone of inclusion and multi-culturalism focusing on the restorative powers of history. We will adopt a cultural program plan with a multi-discipline focus. A priority will be given to the performing arts and history in this facility.

The approximate amount being requested for this project is \$100,000 per year, spanning the course of three grant years. The property is currently being purchased from a private party by the City of Weston and will be finalized in the coming weeks. The matching funds for the first year of this project are currently available in our general fund. The second and third grant years matching funds have not been allocated in the budget, however this process is currently underway with a budgeting plan to cover future matching expense is expected to be in place in March of 2021. The City of Weston has not

received funding from WV Commission on the Arts within the past three years and will require a waiver of this requirement.

This project will encompass a multi-phase restoration of the first Catholic Church built in Weston in 1876. This church is an ideal location due to size and layout for both performing arts and other mediums. The facility will also serve as the community's repository for historical archives and curated public display of historically important exhibits. Lewis County is currently lacking both a cultural art facility, as well as a central repository for our historically important archives and exhibits that are deteriorating in shared storage haphazardly.

This project is in line with both the goals and priorities of this program by ensuring access to the arts in a currently underserved community. This project will supply public access to art and culture otherwise devoid in the area. The facility will provide a path to cultural and exposure opportunities for local artisans and historians who do not have access to professional facilities in our region. It will also serve as an incredibly powerful symbol of rebirth and revitalization taking place by community action. By providing a vibrant art and history focal point in the community where currently lay a vilified eye-sore, we will facilitate outreach, diversity and educational paths in Lewis County and the surrounding rural communities. This project will embrace adaptive reuse of the historic buildings and familiar landmarks and will link the municipality and local resident through ownership over the project. Providing higher quality of life, increased property values, reduced new building sprawl and provide a beacon of hope for the entire area of Lewis County and beyond, due to its unmistakable visibility on one of the most traversed state roads in West Virginia.

Your generous support will allow the City of Weston to reimage and rekindle something that was lost here many years ago. This project, in its essence, seeks to do more than rehab a historic building, it will provide the first hopeful reason in many decades to gather and cultivate the humanities where we live. The Cultural Center will inspire all of us to create a more stable community while enriching the lives of those who live and work here. As we embrace carving out our unique identity for ourselves, we will be able to educate, entertain and preserve our past. This project is not only an investment in the art and history of the community but the overall economic redevelopment of historic downtown Weston.

The primary contacts on this project will be Anna Cardelli, President of Weston Historic Landmark Commission who can be reached at 303-594-6607 or via email at annakmitchell@gmail.com and Nate Stansberry, City Manager of Weston who can be reached at 304-269-6141. We look forward to the opportunity to be able to elaborate more on our plans and the opportunity to apply for this grant. Thank you for your consideration.

Regards,
