THE SECRETARY OF THE INTERIOR WASHINGTON

JUN 24 2021

Lewis, County Of 110 Center Avenue Weston, West Virginia 26452-1964

Dear County Official:

I am pleased to notify you that on June 24, 2021, the Department of the Interior (Department) issued payments under the Payments in Lieu of Taxes (PILT) program. The PILT program compensates eligible local jurisdictions for Federal lands administered by agencies within the Department and on behalf of the U.S. Forest Service and the U.S. Army Corps of Engineers. Local governments may use the PILT payments for any governmental purpose, including emergency response, public schools, and roads. Since local governments cannot tax Federal lands, annual PILT payments help to defray costs associated with maintaining important community services.

The Payments in Lieu of Taxes Act, 31 U.S.C. 6901-6907, as amended, authorized the program. The PILT Act prescribes the formula used to compute the annual payments based on annually adjusted per-acre and population variables. Prior-year Federal payments under certain revenue-sharing programs, as reported annually by States, are deducted in formulating the payment amounts. A provision in the PILT Act provides temporary compensation for recent additions to the National Park System and National Forest Wilderness Areas.

The Consolidated Appropriations Act, 2021 (Public Law 116-260) was enacted on December 27, 2020, providing full funding for the 2021 PILT program. More than 1,900 local jurisdictions received a total of \$529.3 million in PILT payments this year.

For 2021, your county is receiving a PILT payment of \$58,593. If you provided current bank routing and account numbers to our Interior Business Center office or to the System of Awards Management (SAM), an electronic funds transfer was posted to your account on or about

June 24, 2021. If you did not receive a payment or require further information, please refer to www.doi.gov/pilt. The website includes information on how to register in SAM to expedite receipt of future PILT payments. If you have any questions, please contact the PILT Program Manager, Ms. Dionna Kiernan, at DOI PILT@ios.doi.gov or (202) 513-7783.

Sincerely,

Deb Haaland

To:

The Governing Body and Chief Financial Officer

From:

Michelle Hodge, CICA Audit Procurement Manager Chief Inspector Division

You are hereby notified that you are to procure your audit for the fiscal year(s) indicated on the attached list in accordance with the *Procedures Manual for Procuring and Conducting Audits and Reviews of Local Governments* (hereinafter the *Manual*). Please review the provisions of this manual carefully before proceeding with your audit procurement. The *Manual* and the list of Approved Independent Certified Public Accountants (ICPAs) may be obtained in PDF format at https://www.wvsao.gov/ChiefInspector/Default. Please do not use earlier versions of the *Manual* or the *Approved ICPA List* as they may be frequently updated. You may also obtain these documents by contacting the Audit Procurement Department at 304-558-2261 extension 2411 or by email at cpaaudits@wvsao.gov. Please refer to the *Basic Steps in Procuring an Audit or Review* included in this audit procurement packet for a summary of the steps you should take in the process of procuring an audit.

Our policy allows your government to obtain written proposals for your audit from the list of approved ICPAs. You must then score the proposals received in accordance with our procedures and make your selection of an auditor subject to final approval by the Chief Inspector. All Requests for Proposals must correspond with the audit time frame specified on the list. No exceptions. Section 1.3 of the Manual requires the appointment of an audit committee.

Enclosed is an audit procurement packet which includes the following:

- 1. A list of the basic steps in procuring an audit. Please refer to this document for a summary of the steps you should take in the process of procuring an audit.
- Request For Proposal for audit services (RFP)
 The RFP is to be completed by you and distributed to at least three ICPA Firms on the List of Appointed Firms and all approved ICPA Firms interested in submitting a written proposal. Please ensure you utilize the most up to date Request for Proposal form that is included in this packet and available on our website at www.wvsao.gov/ChiefInspector/Default.

- 3. Instructions for the Audit Proposal Score Sheets, the Individual Audit Proposal Score Sheet, and the Audit Proposal Score Sheet Summary for all proposals. Please ensure you utilize the most up to date Scoring Sheets that are included in this packet and available on our website at www.wvsao.gov/ChiefInspector/Default.
- 4. A blank audit contract to be completed, signed by both you and the ICPA, and returned to the Chief Inspector for approval once you have made your selection. If applicable, information for multiple years must be filled out separately. Audit due dates are limited to the 15th of the month, the end of the month, or for Single Audits 7 days prior to the end of the ninth month (in most cases March 24th) after the entity's fiscal year end. If an OMB Uniform Guidance single audit is required then the FY 2021 audit must be issued by March 24, 2022. No Uniform Guidance single audit contracts will be approved with a due date later than March 24th. Certain component units may have an earlier due date because of the primary government's anticipated issuance date. Any component units with years extending beyond 2020 must have a due date on these subsequent periods no later than November 30th. With the exception of component units and single audits, all other entities with years extending beyond 2020 must have an audit completion date no later than eight months (in most cases the end of February) after the entity's fiscal year end date for each subsequent year. You should procure services expeditiously as the federal government may not be granting extensions beyond the nine-month deadline.
- 5. A sheet listing common errors that may be avoided during the procurement process.

New Requirements and Information

- We have NOT identified entities that expended \$750,000 or more in federal funds and would thereby be required to undergo an OMB Uniform Guidance audit for the fiscal year ended June 30, 2021. We will be gathering that information in the coming months. You should carefully prepare your entities federal grant information in your Request for Proposal Form (item #11) and ensure it is accurate. If you have any questions as to whether your entity requires an audit in conformance with the OMB Uniform Guidance, you should contact the Audit Procurement Department at 304-558-2261 extension 2411 or by email at cpaaudits@wvsao.gov for assistance.
- We have identified entities which are deemed to be component units of primary governments. Any component units with years beyond 2020 must have a due date on the subsequent periods no later than November 30th. For example, a component unit contract for the year ending June 30, 2021 may not have a due date subsequent to November 30, 2021. You should ensure your Request for Proposal form (item#4) has the proper due date.
- With the exception of component units and single audits, all other entities with years extending beyond 2020 must have an audit completion date no later than eight months (in most cases the end of February) after the entity's fiscal year end date for each subsequent year. For example, an entity contract for the year ending June 30, 2021 may not have a due date subsequent to February 28, 2022. You should ensure your Request for Proposal form (item#4) has the proper due date.
- For all RFPs including fiscal years ending in 2020 or after, if you received any state grant revenue totaling \$50,000 or more, in the aggregate, during any State fiscal year (July 1st through June 30th) period covered, and/or the state granting agency requires the provisions of Chapter 12, Article 4, Section 14 of the West Virginia Code must be met during any of these periods, then your entity must (1) have an Agreed-Upon Procedure or Other Attestation Engagement performed that tests whether the grant was spent as intended, or (2) In lieu of agreed-upon procedures or other attestation engagement, choose to have a financial audit performed in accordance with Generally Accepted Auditing Standards, or a single audit, which includes a Schedule of State Grant Receipts And Expenditures and an in-relation type audit opinion on whether the schedule is fairly stated in relation to the financial statements as a whole. You should carefully prepare your

entities state grant information in your Request for Proposal Form (item #12) and ensure it is accurate. Please contact the Audit Procurement Department at 304-558-2261 extension 2411 if you have any questions on this state grant examination requirement.

- Audits that included the Schedule of State Grant Receipts and Expenditures and an opinion on whether the
 schedule is fairly stated in relation to the financial statements as a whole must be completed within two years
 after the entity's fiscal year end.
- The entity must solicit three proposals from CPAs on the List of Appointed Firms and all approved CPAs that contact you regarding the audit. All proposals from approved CPAs must be scored by the entity (sections 1.6 and 2.3.2 of the Manual).
- If you are requesting a firm to perform any nonaudit services, this should be described in detail in item 19 of the Request for Proposal. This is discussed in sections 1.6 and 2.5.9 of the Manual. Common examples of nonaudit services may include assistance with the preparation of the financial statements (including the government-wide financial statements, the fund statements, and notes to the financial statements) based on information derived from the entity trial balance; preparing account reconciliations that identify reconciling items for management evaluation; and proposing standard, adjusting, or correcting journal entries for management's review and acceptance. If you require nonaudit services, you must assign an individual to act as the management representative to oversee these services. This individual must possess the skills, knowledge, or experience to accept responsibility for the CPA firm's nonaudit services. The firm is required under professional standards to evaluate whether this individual's skill, knowledge or experience is sufficient, and they may determine that they lack the necessary expertise. If they do make that determination, they are precluded from providing the nonaudit service.
- You may attach an additional sheet to the Request For Proposal to make additional requests to the CPA firm.
 As stated above, requests for nonaudit services should be included in number 19 of the Request for Proposal.
 For example, a Public Service District (PSD) may elect to request the CPA firm prepare the PSC report by including the request on this additional sheet.
- A certification has been added to the Audit Proposal Score Sheet Summary. By signing the Audit Proposal
 Score Sheet Summary, the audit committee members are making the assertion that (1) there is no conflict of
 interest or collusion with the firms submitting the bid proposals and/or the firm awarded the contract; and (2)
 the scoring of the bid proposals by the audit committee members are true and not influenced by any bidder
 or person.
- An Anit-Lobbying Certification form must be completed by CPA firms when the following criteria is met:
 (1) a firm's bid exceeds \$100,000 (total for all years, inclusive of nonaudit service fees and the 8% Chief Inspector processing fee) and (2) any fee associated with the audit contact is being paid with a federal award.
- If any fee associated with the audit contact is being paid with a federal award, then a contract cannot be made or renewed with a CPA firm debarred, suspended, or otherwise excluded by agencies.

The List of CPA Firms Appointed to Conduct Audits and Reviews of Local Government Entities must be obtained via our web site at https://www.wvsao.gov/ChiefInspector/Default, by contacting the Audit Procurement Department at (304) 558-2261 extension 2411, or by email at cpaaudits@wvsao.gov. Please do not use earlier versions of this list as the approved listing frequently changes.

In the top right corner of the enclosed contract is your RFP number. This number MUST be used on all correspondence and documents relating to your audit with BOTH the CPA Firm and the Chief Inspector Division. You MUST complete the procurement process, select the auditor, and return the signed contract and the required supporting documentation to the Chief Inspector no later than the date specified in the top right corner of the contract.
